The Dr. Fred H. Koenecke

ARBORETUM

The City Arboretum was established in 2003 with matching funds from an Urban Forest DNR Grant. At that time, 134 trees were planted. Since then, the arboretum has been expanded to include 200 trees and shrubs, with 65 different varieties.

The arboretum is located on Hwy 14 near the City Utilities' Waste Water Treatment Facility next to the Pine River.

590 Orange St.

The arboretum is designed for self guided tours 7 days per week. Each tree is labeled with a brief explanation. For more information, Call 647-8108 Ex. 2 or log on to the City's web site at:

www.richlandcenter.com

This document was funded in part by an urban forestry grant from the State of Wisconsin Department of Natural Resources Forestry Program as authorized under 23.097 Wis. Stat.
