WHEREAS the Symons Natatorium Board and the Director of the Symons Natatorium, Ms. Denise Lins, have proposed three projects for the Symons Natatorium and the Symons Recreation Complex Foundation has agreed to pay the full cost of these projects, with the result that no City or County funds will be utilized, and

WHEREAS the Symons Natatorium Board has carefully considered this proposal and the Board is now presenting this Resolution to the City Council for its consideration.

NOW THEREFORE BE IT RESOLVED by the Richland Center Common Council that approval is hereby granted for undertaking the following three projects at the Symons Natatorium, with the full cost of these projects be paid by the Symons Recreation Complex Foundation:

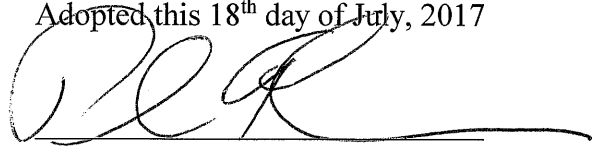

- 1) Salt water conversion: This will change the way that the pool is disinfected. It will include adding an ultraviolet light. The cost of the project will be between \$40,000-\$60,000.
- 2) Patio: The patio will complete the design from the original building plan from 30 years ago. The patio fundraising will include engraved bricks that supporters will purchase. The patio will include privacy shrubs, a shade shelter, and lighting. The cost of this project is between \$15,000-\$20,000.
- 3) Lobby flooring: The current lobby and hallway flooring is getting old and slippery and needs to be waxed several times a year. We would like to remove the tile and install a Vinyl Composite Tile, which does not require waxing. The cost for this project will be between \$10,000-\$12,000, and
